

Carlisle Lodge Dawesley

Carlisle Lodge is situated about 50 minutes' drive east from Adelaide on an 80 acre rural property opening into the Dawesley Valley abundant in bird and native wildlife. The property offers farm stay accommodation in a self-service B&B.

- ❖ Stunning country views from lounge
- ❖ Well equipped kitchen and BBQ
- ❖ R/C Air-conditioner
- ❖ Flat screen TV-DVD player with large selection of DVDs
- ❖ Generous supply of provisions for cooked and continental breakfast
- ❖ Easy access to Adelaide Hills, Monarto
- ❖ Parking for floats and shedding for horses, alpacas available on request

Food and Beverages

Provisions for a self cooked breakfast are supplied, including bacon and eggs, tomatoes and mushrooms. A frying pan and other cooking equipment are stored in the kitchen.

If you prefer a continental breakfast, the pantry has been stocked with fresh bread and a selection of cereals, jams and spreads.

A wide variety of teas and coffees are provided. Drinking water can be obtained from the filter tap at the sink, but two bottles of spring water are also supplied.

You may access the deck overlooking the Dawesley Creek, for dining, or to enjoy your complimentary wine while relaxing.

Farm Life Style

Carlisle Lodge has Alpacas, Horses, and Cattle grazing on the property. You are most welcome to walk around and photograph any of the animals. *“Things you need to know”*

The horses at the property are agisted. The owners prefer that they are not touched or feed. Please do not enter their paddocks.

The Belted Gallaways (Cattle) are very friendly. They can be frisky, so speak to Sue or Bernard if you would like feed them.

The Alpacas are also very friendly . If you walk quietly into their paddocks some will approach you to be patted. You are welcome to join Sue and Bernard at feeding time.

The Hazards around the Farm

In warmer months there are Red Belly Black and Brown Snakes that wander around. Snakes will only bite if they feel threatened by you. Use caution in or around long grass or when walking in or near the creek. Make sure that you wear long pants and closed in shoes, if walking in the paddocks.

For the safety of the stock, all the fences are electrified. Please do not touch any fence wire. The electric fence unit is safe but if you come in contact with it you will receive a “boot” strong enough to make you jump back.

Most areas around the property are natural ground and can be slippery. Be careful on the gravel roads and raceways.

Facilities

Guests are welcome to use the gym which is located next to the B&B. Please let Sue or Bernard know if you would like access.

TV reception can be intermittent depending on weather conditions, so a selection of DVDs is stored in the TV cabinet. Other movies are available on request.

A selection of popular games can also be found in the TV cabinet.

The deck at the eastern end of the house is available from 8am to 6pm for relaxing or dining.

Bush Fire Safety

Although Carlisle Lodge is kept relatively clear of major fire hazards, it is located in a rural area and we must be wary of fire prevention and bushfire awareness.

A designated smoking area is located at the table by the round yard. Smoking is not allowed anywhere else on the property or inside the buildings.

Should there be a bush fire alert, our policy is to leave early so please take directions from Sue or Bernard.
